# OUR STORY

We were 17 and naive, guided by the uncertainty of our goals in life three of us bunked our school trip to Amritsar and went on our own journey to Shimla. This was the first time that we came this far from our home. The journey was both blissful as well as daunting, being kids we were fooled and soon ran out of money but all these experiences added to our learnings.

I remember clicking a photo of our driver bhaiya from Shimla and sending it to my mother with a message saying "if we go missing, catch this guy". Memories of the time still puts a smile on our face, measuring how far we have come from being three immature travellers to three friends helping people to plan their next trip.
